About Christopher Drummond Beauty

Our artisan line is comprised of organic-based, all natural, paraben-free and many vegan-approved formulas. The result is products that are cruelty-free and environmentally responsible; to give you flawless looking skin that actually looks better from the first time you use them. We received input from many women who had adverse skin reactions to their current product after continued use. Their complaints regarding irritation and drying, as well as the lack of the perfect color match, prompted us to take note of the ingredients commonly used in various popular 'mineral' make-up brands.

MAKEUP LIKE NO OTHER

Our makeup is for those who are looking for an alternative to traditional mineral makeup. It is non-drying, natural looking, and simply gorgeous--giving you makeup that is free from toxins, and improves the look and feel of your skin. We invite you to compare our products among those most popular in the marketplace. Of those that do so, the response is always the same: Christopher Drummond Beauty's line is substantially superior.

We also have vegan approved, cruelty free makeup tools and professional brushes that are some of the best in the industry.

FREE OF IRRITANTS. FULL OF SKIN-ENHANCING INGREDIENTS

Many of our products do not contain irritants such as titanium dioxide, dimethicone, artificial fragrance, or artificial colors. This ensures our clients healthier skin and a flawless looking skin.

Healthful ingredients such Brazilian Açai, essential oils, cocoa butter and the mineral zinc oxide are anti-aging, fight acne, and help improve dry skin. These natural ingredients cause our products to function not just as makeup, but also as treatment products.

Testimonials

"I just received my products and I wanted to thank you for your excellent service. I have had terrible acne and rashes on my face for the past year and couldn't find the cause until I started researching how titanium dioxide and bismuth can be frequent irritants and clog pores. I am thrilled to finally find safe makeup without these ingredients. I love your sateen blush and foundation and I am going to try more of your wonderful products.

- Rebecca B. NV

"I don't know if I'm the first male to give a testimony regarding your product(s) but if I may, I would like to take this opportunity to say THANK YOU! Yes, I'm a male who wears makeup for a "polished" look. I have tried just about all the "others" which were just OK...I have even tried the mineral foundation from another company (name withheld) and found that my skin reacted in a negative way probably due to certain ingredients. I purchased the concealer & a couple of the sample size foundations in beige and warm to see which color would best match my skin tone. I was so happy with the way beige matched and felt on my skin! It makes my skin look very dewy, polished but NATURAL! I will definitely continue to purchase more of your products in the near future. Best, A very satisfied customer :-))"

- Lydell N., NY

"OMG, the colors of the new eyeshadows are just unbelievable. The new one, Aymee, is a perfect pink gold. What a great surprise. I have amber-brown eyes, and this color looks just great on me! And then I put some of the chocolate eyeliner on gotta tell you I have never been a fan of brown eyeliner. In this case I put it on over top of a green Laura Mercier kohl pencil – and it really looks good with the Aymee. Wow! Popping!"

- Margaret I., VA

"Your makeup is amazing. I have dark skin and it makes me look radiant and like I have nothing on. My skin looks gorgeous! You did a phenomenal job! I have received so many compliments on my skin."

- Tamara J., NY

"Your makeup is the lightest I have ever worn. It literally feels like silk and doesn't irritate my incredibly sensitive skin. I've tried "mineral makeup" and it made my skin dry and flakey. Your powder actually made my skin feel more hydrated and made it look stunning....how do you do it?!?!?"

- Rebecca Y., MI

Testimonials continued

"I just wanted you to know that I received another order of concealer and foundation and love them both. I had gotten one shade darker before and decided to order the lighter one so I'd have both for mixing and for adjusting depending on the time of year. I absolutely LOVE your products and am thrilled that they contain no chemicals or harmful ingredients. I also wanted to say that I am impressed by the fact that the President of the company takes the time to write personal notes. That certainly adds a personal touch and goes a long way in gaining customer loyalty. Thanks again; you are the best!"

- Jan G., PA

"Saúde Pele literally melts into my skin. It's amazing. I don't understand how you created a powder that isn't chalky and dry on my skin!!!"

- Sarah B., NY

"I bought the 4 core products from Just Beauty Direct, the Veludo in Justo, Finale in Branca, Light concealer and the Saúde Pele. I am part Irish (very fair) and part Indian with light toned skin and horrible eczema. I bought your products because JBD have always stocked great products and Jayne said your products were something special. The textures are amazing but I have never had any colour match as perfect as the finale over the Veludo. As someone who loves makeup I am really happy and actually enjoy putting on my makeup more than ever. Thank you for the products; they have changed my face if not my life. Thanks to JBD who were really helpful about colours and information."

- Kiran, UK

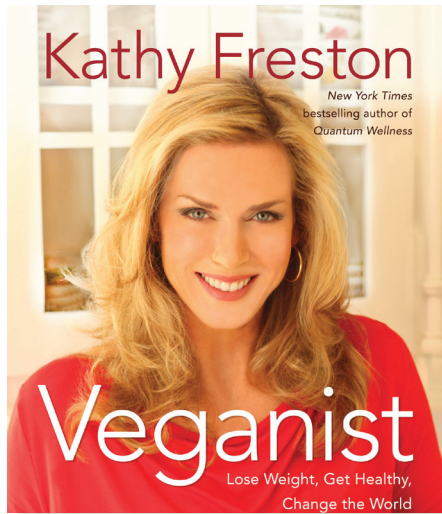

"I received my first 2 orders a few days ago. I can't say enough about these products. I am by far not a makeup artist, but this is the best coverage with totally no irritation to the skin I have ever had from any products. I just ordered more and I will be ordering the gift sets for daughters-in-law and friends in the future. Thanks so much for making these great products available to the public and for the great communication."

- Karen, R., LA

"Hi there! I'm a big fan of your range. I have been very impressed with every product. It is worth the money. I would recommend this to fellow oily and acne prone skin types. Since using the Concealer, Finale Finishing Powder and Veludo Velvet Foundation acquaintances and colleagues have commented my skin looks 'healthy', 'fresh' and 'glowing' for the first time in my 30 year life!"

CDB'S SOL BRONZER & VEGAN BRUSHES *FEATURED ON THE* DR. OZ SHOW

These brushes from Christopher Drummond Beauty are synthetic and cruelty-free – but they still feel amazing against your skin. They're

FREE of irritants and won't dry out your skin. I use them for everything from concealer and powder to bronzer, blush, and eye color.

“While it's easy to turn your makeup bag into a cruelty-free zone with the right mix of products, people oftentimes forget about their brushes. What good is it to be buffing the right powder onto your cheeks if you're doing it with a brush made the inhumane way?”
