# Dear Friends of Open Space,

For the past 36 years Monmouth Conservation Foundation, established by founders Judith Stanley and Michael Huber, has remained steadfast in its mission to protect the open space and natural resources of Monmouth County. As the county's only land trust organization, we have – with your help – protected over 6,500 acres of open space. We strive to preserve our county's farmland, and create new rural, coastal, and urban parklands – an invaluable, lasting, open space legacy benefiting the health, well-being, and economy of our generation, our children's generation, and that of future generations.

Our rigorous work in 2013 will bring Freneau Woods, Monmouth County's newest county park, into existence in 2014, serving the highly populated Aberdeen and Marlboro area with recreation, and protecting vital wetlands, woodlands and wild lands. Chris's Landing Park achieved critical momentum in 2013 largely due to MCF efforts and will offer a combination of parkland and much needed coastal access for low- and moderate income Red Bank area families.

In Asbury Park, we joined with our partners to initiate the Springwood Avenue Park, turning a 1.3-acre vacant lot into a model park that will serve as a green cornerstone for the unfolding West Side revitalization project. We also remained dedicated to farmland preservation in 2013, negotiating two Wall Township easements on the family-owned Conover Farm and Conover Christmas Tree Farm – one closing in March 2014, the other later in 2014.

I also want to point to our important work with children. MCF's innovative Kids for Conservation project, launched in 2013, encompassed outreach to local preschools – where we're helping educate and nurture our next generation of conservation and land stewards.

In 2013, we applied for accreditation with the national Land Trust Accreditation Commission. I'm proud to report, we were awarded that prestigious honor in February 2014, validating MCF as a sanctioned land trust.

Our 2013 projects provided us with the extraordinary opportunity to fulfill nearly every aspect of our diverse mission – serving our entire constituency. Such all-encompassing opportunities – to serve young and old, urban, suburban and rural residents, and all incomes, including low-and-moderate income citizens, by protecting woodlands, wetlands, farms, urban and rural open space and coastal access – rarely present themselves in a single year.

It is because of your trust in the Foundation that we have been able to achieve these significant milestones and accomplishments in 2013. Your support, combined with our engaged, committed board, smart, dedicated staff and our able partners and alliances, allowed 2013 to be one of the most important years for Monmouth Conservation Foundation, for land preservation, and for its beneficiaries, the people of Monmouth County – present and future generations.

On behalf of the board, I extend a wholehearted thank you for both sharing the belief in our mission of preserving open space and protecting our natural resources in perpetuity, and for enabling the Foundation to pursue that mission with unwavering focus.

# To our Friends, Sponsors, Supporters, and Beneficiaries:

2013 was one of those years which prove that persistence and a farseeing vision pay big dividends. It was a year in which the **Monmouth Conservation Foundation** built well upon its nearly four decades-old foundation of conservation and stewardship, and laid down the groundwork for completion of major new projects.

We worked diligently with our county park system and nonprofit partners to create the future Freneau Woods Park, a new 200+ acre park in densely populated Aberdeen and Marlboro area that will protect wild lands, offer hikes to scenic vistas, and protect upper Matawan Creek's stream corridor. In 2014, we will close on two Freneau Woods properties: the 68-acre Fariello property and 89-acre Wilson Associates parcel.

Chris's Landing Park is a coastal success story. A project long stalled by lack of support, MCF led the way forward in 2013. This 12-acre park will offer urban Red Bank and Middletown access to the Navesink and Swimming Rivers, and the Sandy Hook and Raritan Bays.

Springwood Avenue Park is an urban success story, a 1.3-acre pocket park that will provide outdoor recreation and outdoor performance space to underserved Asbury Park residents – the first park in the history of the town's West Side.

In Wall Township, 49-acres of easements on the Conover Farm and Conover Christmas Tree Farm, help preserve Monmouth County's agricultural lands in perpetuity. MCF was also instrumental in 2013-14 in finally protecting the significant natural habitat of a 14-acre inholding in Turkey Swamp Park.

As important as these new acquisitions and easements are, we are equally proud of our stewardship of the 6,500+ acres we've already protected. We annually visit all of the 21 properties on which we hold conservation easements, monitoring these lands to be sure they continue to be preserved as intended.

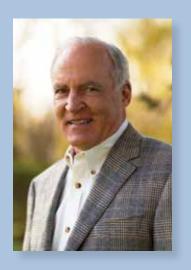

In 2013, I served as MCF's representative with the NJ Keep It Green Initiative, a 185 member-organization coalition dedicated to ensuring long-term state funding for land preservation. Keep It Green didn't achieve its goal last year, but we're determined to see a 30-year open space funding bill through the NJ legislature in 2014 so voters can have their say in November on this crucial issue.

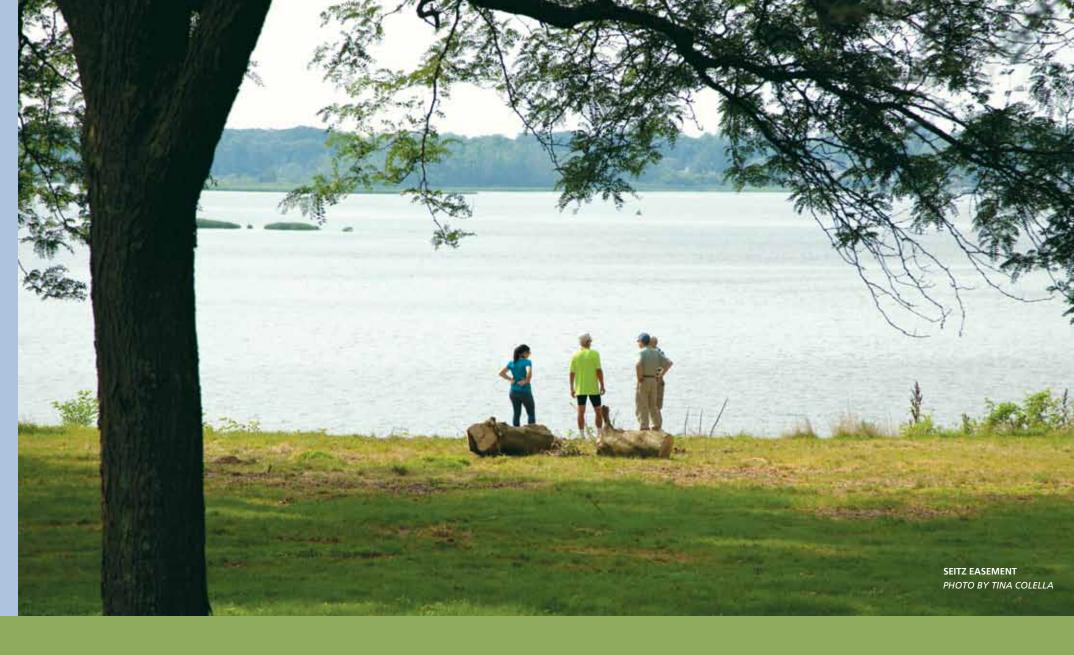

Lastly in 2013-14, we received national recognition from the Land Trust Accreditation Commission, an independent program of the Land Trust Alliance. Of the 1,723 land trusts in the U.S., MCF is one of just 254 awarded this honor – validation of MCF's standards of excellence, and of our upholding of the public trust to ensure our land preservation efforts are permanent.

In my two years as the **Monmouth Conservation Foundation's** executive director, everything we've achieved has resulted from a team effort among MCF and its forward-looking board, county and community governments, other nonprofits, and you, our supporters. Going forward, we'll continue relying on those partnerships, to help us serve Monmouth County's human and natural communities through open space preservation.

William D. Kastning, AICP

Founded in 1977 by Judith Stanley and Michael Huber, Monmouth Conservation Foundation remains steadfast in its mission to preserve and protect the open space, natural habitat and integrity of Monmouth County.

To date, the Foundation continues to be the only countywide land trust – single-handedly preserving over 6,500 acres, while collaboratively protecting an additional 16,000 acres, comprising of open space, farmland, wetlands, woodlands and parks.

The ongoing charge of the Foundation is to preserve what open space remains, ensuring Monmouth County is an extraordinary place to live – in perpetuity.

2013 was a year for "setting the stage" in 2014. Land acquisition projects, by their very nature, are long term. Some of our 2012 closings took as long as six years to complete.

This year was no exception with many projects scheduled to close in 2014: Conover Farm, Conover Christmas Tree Farm, Fariello, Aberdeen Wilson Associates, and DeNormandie. We signed a purchase agreement for Chris's Landing, culminating a decade's worth of effort, which we hope to close in 2015.

Springwood Avenue Park in Asbury Park and Chris's Landing illustrate our commitment to also provide green and blue acre access to urban and suburban neighborhoods.

Our partners – Monmouth County Park System, NY/NJ Baykeeper, NJ DEP Green Acres Program, NJ State Agriculture Development Committee, Monmouth County Agriculture Development Board and municipalities, and our supporters – all share and benefit from those collective efforts.

# WALL TOWNSHIP FARMLAND PRESERVATION UNDERWAY

With few remaining farms in Wall Township, the recent acquisition of an agriculture easement on the 35-acre Conover Farm and the pending easement acquisition on the contiguous 14-acre **Conover's Christmas Tree Farm** will ensure the preservation of the County's dwindling farming heritage and natural resources. This partnership among MCF, the State Agriculture Development Committee, the Monmouth County Agriculture Board and Wall Township guarantees that future generations will continue farming this land forever.

The Conover family has farmed this land for generations and they are excited to see their heritage remain as "forever farmland." Maintaining these agricultural operations will help sustain the environmental integrity of the area for generations to come, as each piece of preserved farmland helps protect the quality of life in Monmouth County.

# CONOVER FARM 35 acres, Wall Township

Agricultural easement on this Farm will assist in sustaining the overall environmental and farming integrity of the area for generations to come. [Acquisition Completed March 2014l

# CONOVER CHRISTMAS TREE FARM 14 acres, Wall Township

Agricultural easement on this scenic family owned Christmas tree farm, contiguous to the Conover Farm, will ensure the farming heritage in the Township will be forever remembered. [2014 Acquisition Pending]

# MILLMAN EASEMENT 3 acres, Middletown Township

The donation of this conservation easement on a wooded parcel contiguous to Claypit Creek, a part of Hartshorne Woods Park, a Monmouth County holding, will further protect the Foundation's targeted Navesink Highlands Greenway. [2014 Donation Pending]

# **ACQUISITION COMMITTEE**

Co-Chairs: Howard P. Aronson and Richard O. Venino, Jr. Thanks to the members who served on this committee: Teja Anderson, Rosemary Brewer, Michael Canavan, John Duffy, Larry Fink, Ronald Gumbaz, Ron Klein, William Marraccini, Mary Tassini, James Truncer, Cory Wingerter.

**GIMBEL FARM PHOTO BY TINA COLELLA** 

# PHOTO BY TINA COLELLA 6 *Monmouth Conservation Foundation* ■ Annual Report 2013

# FRENEAU WOODS 200+ acres, Marlboro & Aberdeen Townships

These pending acquisitions will create a 200+ acre new Monmouth County Park serving the highly populated Aberdeen and Marlboro area with hiking and the recreation. MCF is partnering with the Monmouth County Park System, NY/NJ Baykeeper, the state, and local municipalities to permanently protect these two properties. Freneau Woods includes expansive wetlands, vernal pools, upland forest, varied wildlife habitat and scenic vistas of Lake Lefferts and will connect the popular 24 mile Hendry Hudson Trail.

# **FARIELLO**

68 acres. **Aberdeen and Marlboro Townships** [2014 Acquisition Pending]

# ABERDEEN WILSON ASSOCIATES

89 acres. Aberdeen Township [2014 Acquisition Pending]

# CHRIS'S LANDING 15 acres, Middletown Township

The preservation of this scenic and ecologically significant waterfront property (currently known as Chris's Marina), located at the confluence of the Navesink and Swimming River, will prevent future development and allow for permanent public access to the water. [Purchase Agreement Completed; Projected 2015 Acquisition]

# **DENORMANDIE 0.7** acres, Borough of Fair Haven

Located on the Navesink River, the pending preservation of this scenic waterfront property will grant permanent public access to the River. The Borough envisions the property as a passive waterfront park. [2014 Acquisition Pending]

# SPRINGWOOD AVENUE PARK 1.3 acres, City of Asbury Park

Monmouth Conservation Foundation is partnering with Monmouth County, the City of Asbury Park, and Interfaith Neighbors to develop the **Springwood Avenue** Park. This will be the first City-owned and City-maintained park established on the West Side in Asbury Park's long history. This park will support development of the remaining vacant parcels within the Springwood Avenue Redevelopment Area. Development rights to these parcels are expected to be awarded to Interfaith Neighbors (a non-profit organization) and the Michaels Group (a for-profit developer of affordable housing).

# TURKEY SWAMP INHOLDING 14 acres, Freehold Township

The acquisition of this long pursued parcel, surrounded on all sides by County parkland, helps protect significant natural habitat inside one of Monmouth County's most beloved parks. [Completed February 2014]

# MONMOUTH COUNTY

Properties preserved by **Monmouth Conservation Foundation** over the last 37 years.

# **COMMITTEE ON TRUSTEES**

# Co-Chairs: Gloria Nilson and John L. Ryan

Throughout 2013, the Committee on Trustees (COT) met on a regular basis about identifying, cultivating and interviewing prospective trustees. A total of four trustees were added during the year. They were: Elizabeth Fordi, Ron Klein, Andrew Safran and Richard O. Venino, Jr. Each is keenly aligned with the Foundation's mission to preserve and protect the open space, natural resources and integrity of Monmouth County.

The COT continually strives to ensure MCF's Board of Trustees is comprised of members with diverse skills, backgrounds and experiences who are committed to effectively conducting and executing the work of the Foundation. The Committee is also responsible for developing the new Trustee Orientation Program and ongoing informational materials for all Trustees.

The Committee reviewed the existing committee appointments, chairs and officers to align each Trustee's interests, strengths and requests with a specific committee. The Committee's recommendations were approved at the Board's annual meeting in April 2013.

On behalf of the COT, a heartfelt thank you is extended to all of the Trustees for their dedicated commitment of time, talent and generous financial support in 2013.

# **FUNDRAISING COMMITTEE** REPORT

# Co-Chairs: John Caroli and Holly Boylan-Flego

Thanks to our MCF trustees and donors, 2013 proved to be an especially rewarding year for Monmouth Conservation Foundation, across all of the major fundraising efforts, to include: the 36th Anniversary Dinner Dance, Holiday Style Luncheon, and the Annual Appeal. Additionally, the generous underwriting received from foundations, as well as corporate sponsors, continues to grow and be another important source of income.

The Dinner Dance honored Valerie and Tom Gimbel and the Scudder family for their resolute belief in land preservation. Revenue derived from our 2013 Dinner Dance exceeded all previous events in MCF history. Plans are well underway to celebrate MCF's 37th Anniversary on Saturday, September 27th.

The Holiday Style Luncheon was held in December at the Navesink Country Club, featuring the renowned fashion and beauty icon, Carmen. Thanks to the Enhancing Monmouth County Style Committee, turnout was double that of the previous year. The luncheon is on the calendar for Thursday, December 4th.

The Annual Appeal notably proved to be the most profitable in MCF history.

# **GOVERNMENT AND PUBLIC RELATIONS** COMMITTEE REPORT

# **Co-Chairs: John Dunigan and Cory Wingerter**

The Government Relations and Public Relations Committee continued to focus its attention on the need for a long-term stable source of open space funding in lieu of the historical stop-gap funding via bond issues. The Foundation is a member of the New Jersey Keep It Green Coalition (www.njkeepitgreen.org) and Executive Director Bill Kastning is a member of its campaign committee.

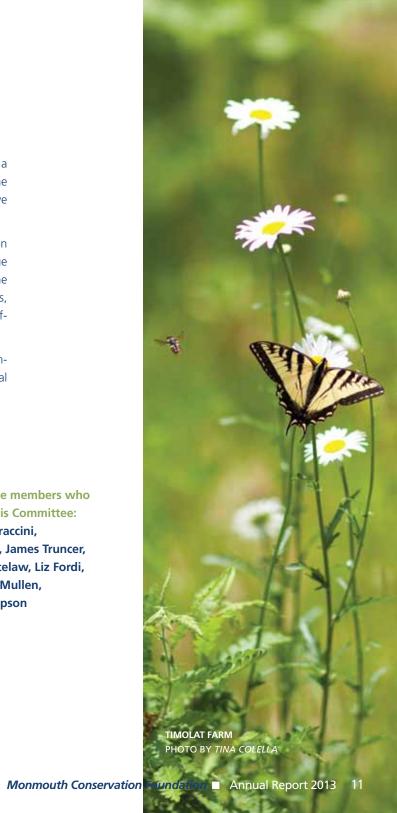

In 2013, the Senate introduced and passed legislation to ask voters to support an annual sales tax dedication of either 2.4 percent or \$200 million - whichever is less - for preservation programs including Green Acres, Blue Acres, Farmland Preservation and Historic Preservation. Unfortunately, the State Assembly failed to vote on the measure. As a consequence, the state must rely on insufficient existing funds associated with canceled projects, approximately \$100 million for Green and Blue Acres. We continue to promote legislation that will place a referendum on the 2014 fall ballot.

The Committee continues to monitor legislation and proposed rules, at all levels of government, that may impact MCF's mission. The Committee also increased its public outreach and education program through social media and the MCF website: www.monmouthconservation.org.

Thanks to the members who served on this Committee:

William Marraccini, Mary Tassini, James Truncer, George Whitelaw, Liz Fordi, Marsha Kay Mullen **Edward Sampson** 

# FINANCE COMMITTEE

# **Chair: Frank Scheuer**

During 2013, MCF restructured its financial reporting system into one set of statements tracking property preservation activities, development activities, general & administrative expenses and investment income, as indicated in this annual report.

The financial statement for the year ending December 31, 2013 reflects MCF's continued sound and liquid financial position.

Total support and revenue amounted to \$706,991, down from 2012 as a result of not receiving grants by year end from the state for two pending acquisitions. Investment income rose by \$213,048 over 2012.

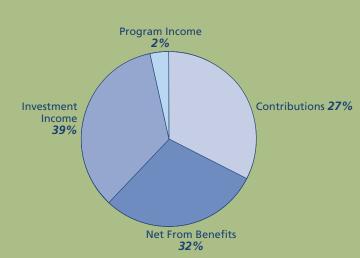

Organizational expenses for the year totaled \$635,731, down from 2012 due primarily to the deferral of two pending acquisitions.

Net assets increased by \$71,260 over 2012.

# Organization Support & Revenue

Contributions	\$ 194,616
Net From Benefits	\$ 227,431
Investment Income	\$ 272,953
